SUMMARY

BCA student with a strong coding background and commitment to continuous learning. Proven ability to solve problems creatively using technical skills. Actively seeks opportunities to contribute to innovative projects and collaborate with diverse teams in the tech industry.

EDUCATION

Thakur College of Engineering and Technology, Mumbai

- Bachelor of Computer Applications(BCA) | CGPA: 8.64

SKILLS

Technical Skills

- Programming Languages: Proficient in **Java**; familiar with **C** and **C++**
- Database Management: **MySQL** and **MongoDB basics**
- Web Development: **HTML, CSS, JS , Basic Back-End Integration**
- Tools & Platforms: **Git/GitHub**

Core Skills

- Software Development Lifecycle (SDLC)
- Object-Oriented Programming (OOP)
- Problem Solving & Logical Thinking

Soft Skills

- Team Collaboration
- Adaptability & Continuous Learning

PROJECTS

1. Online Training and Placement Cell Platform for Colleges

Developed a full-stack training and placement platform using Node.js and MySQL. Streamlined recruitment by enabling students to apply for jobs, recruiters to manage applications, and administrators to monitor placement activities efficiently.

2. Search My College website

Developed "Search My College" using Node.js and MongoDB, which streamlines admissions. Enables students to filter and compare colleges by critical criteria like district and status, reducing hassle during the counseling process.

CERTIFICATIONS

- NPTEL Java Programing certificate

ACHIEVEMENTS

- **Finalist**, **ThinkAI Hackathon** – Qualified for the final round.
